International Certification Bio Suisse AG (ICB AG) confirms compliance with the Bio Suisse standards

The following plant products are certified as BIOSUISSE ORGANIC until 31.01.2024: Tillage crops
(except plots in conversion)

The decision is based on documentation provided by the following inspection/certification body:
Pro-Cert Organic Systems - Western North America, Saskatoon, SK S7K 3J6

The operation may use the logo "BIOSUISSE ORGANIC" on its products (including on its website, on containers, delivery notes, invoices, etc.). The logo can be downloaded as a .jpg file from the ICB website (www.icbag.ch). Products that have been certified by ICB AG as "in conversion" must also be clearly labelled as "in conversion" products.

ICB AG is ISO/IEC 17065:2012 accredited to certify in accordance with the Bio Suisse standards, with the exception of "social accountability" (Part 1, chapter 4). This certificate will only be valid for the same period as the organic certificate issued by the aforementioned inspection body and only for the duration of the contract of inspection with that same body. This document is the property of ICB AG. It can be reclaimed at any time should the Bio Suisse standards be violated. The certificate does not permit products to bear the protected Bio Suisse 'Bud' trademark, nor does it guarantee their trade in Switzerland. Bio Suisse restricts imports due to sustainability concerns and in order to protect Swiss production. ICB AG certificates will be put online at easy-cert.
