Location: Assiniboia, SK

Looking for reliable and energetic individuals to work in our processing and exporting facility. Previous farm and seed cleaning experience would be valuable however we are willing to train the right candidates.

As a new employee you will be trained in seed cleaning and processing following standard operating procedures and performing regular machine/plant maintenance.

The role will involve:

- Maintaining and operating processing and ag equipment
- Transporting grain
- Sampling and grading
- Completion of procedure and workplace forms
- Facility sanitation
- Taking part in some agricultural activities

Requirements:

- Physically fit/active
- Ability to work with heights
- Able to work with computers and technology
- Own transportation with a minimum class 5, class 1A preferred
- Clean drivers abstract
- Able to work effectively in a team environment as well as independently
- Problem Solving abilities

These are full-time permanent positions, and we are looking for individuals to join our team long term. Benefits available. Wages dependant on experience and willingness to learn new skills.
